

ACTION REQUIRED

DEPENDENT ELIGIBILITY AUDIT

As part of their ongoing efforts to control costs and to keep our enrollment records up to date, the Pipe Trades Services MN Welfare Trust and the Pipe Trades Services MN Retiree Health Fund have partnered with **BMI Audit Services** to conduct a dependent eligibility verification audit.

If you have dependents enrolled in the medical, dental, or vision programs, your action is **required**. Failure to respond could result in *loss of coverage for your dependent(s)*.

Be on the lookout for more information *coming soon* from **BMI Audit Services**. Communications will include detailed instructions regarding what documents will be needed for the audit, how to obtain them, and how to submit them to BMI Audit Services.

WATCH this video for more information.
